INTRODUCTION:

The Taj Mahal is a white marble mausoleum located in Agra, Uttar Pradesh, India. It was built by Mughal emperor Shah Jahan in memory of his third wife, Mumtaz Mahal. The construction began around 1632 and was completed around 1653. The Taj Mahal is widely recognized as "the jewel of Muslim art in India and one of the universally admired masterpieces of the world's heritage". The Taj Mahal is regarded by many as the finest example of Mughal architecture, a style that combines elements from Persian and Indian architectural styles. In 1983, the Taj Mahal became a UNESCO World Heritage Site.
